

**THE NATION'S
LARGEST LIBRARY
OF ACCESSIBLE
EDUCATIONAL
MATERIALS**

- A research-proven program
- The world's largest library of audio textbooks
- K-12 and college-level curricula from key textbook publishers
- Extensive collections in science, math, language arts, social studies, foreign languages, fiction, test prep and more

Learning Ally/AIM-VA-Funded Membership

Learning Ally and the Virginia Accessible Instructional Materials Center (AIM-VA) have created a partnership to give eligible K-12 students with IEPs access to Learning Ally's library of 80,000 audio textbooks and literature titles, including VOICEtext audiobooks that highlight text as it's being read, improving and enhancing student comprehension. Plus, educators can:

- Access Teacher Ally, a student management and book usage tracking portal
- Play books on Macs and PCs with Learning Ally's Link or on Apple and Android phones and tablets using the Learning Ally app
- Create student access accounts for use at home
- Improve student outcomes — state AYP data shows that in 51 out of 52 comparisons, schools using Learning Ally services outperformed others in reading and math

Create your account today to get access for your students!

Any teacher with eligible students may sign up online at www.aimva.org to create an account and receive Learning Ally access.

Visit AIM-VA's webpage, www.aimva.org, to learn more, or if you have questions, email Madelyn Dabbs at mDabbs@LearningAlly.org to learn how to enroll your students.
