TOGETHER IT'S POSSIBLE

HOW CAN I GET MY 20 MINUTES OF READING WITH LEARNING ALLY AUDIOBOOKS?

- 1** Listen to my audiobooks during snack time.
- 2** Listen in the car while traveling, while doing chores, by the pool or at summer camp.
- 3** Share my favorite book with my parent, guardian, brother or sister, or good friend.
- 4** Keep my iPod, smartphone or Android device right by my bed so I can read a few minutes before going to sleep.
- 5** Read my audiobooks while I wait at a restaurant, dentist or a doctor's visit.
- 6** Read about a favorite summer travel destination or read the book before watching the movie.
- 7** Have my family listen to audiobooks together, have a family reading night once a week to listen to audiobooks together, have discussions, talk about characters and write summaries about what we've read together.
